

DR. MARSHALL, D.D.S.

PATIENT APPOINTMENT INFORMATION

We at Dr. Marshall's practices recognize that in today's busy world adhering to a schedule is important for everyone. With this in mind, we have developed appointment practices to help keep you on your schedule and us on our schedule.

Every minute of our workday, we work diligently to see our patients at their appointed time. We do everything possible to contact you several days ahead of your appointment by email, text, or phone asking for a confirmation response. It is very important that you respond to this request immediately. If we do not receive your response 48 hours before your appointment, your appointment may have to be rescheduled. This will postpone your treatment and possibly jeopardize your oral health.

In the case that you do not show-up for a scheduled appointment without letting us know 48 hours prior, you may be charged a missed appointment fee or be required to confirm your next appointments with a credit or debit card. Of course, we hope this is never the case for you or your family.

We appreciate the opportunity to be a partner in improving and maintaining your oral health, and we look forward to working together to achieve the goals you have for your teeth and smile.

Thank you for helping us stay on time for your appointments.
